Frontend: React.js, Next.js, React Query, Redux Toolkit, Context API, Tailwind CSS, Bootstrap, Ant Design

Backend: Node.js, Express.js, REST APIs, JWT Authentication,

Database: MongoDB, Aggregation Pipeline, Query Optimization, Indexing,

Tools: Git, GitHub, CI/CD, Postman, Cursor AI, GitHub Copilot

Practices: Agile Scrum, Responsive Design, Component-Based Architecture, API Integration, Performance Optimization, SEO Optimization, Unit Testing, Integration Testing, Debugging, Cross-browser Compatibility, API Testing

PROFESSIONAL EXPERIENCE

Software Engineer – Level 2

Nov 2024 – Jun 2026

DBML Tech Solutions Pvt. Ltd. (TrueHue)

Ahmedabad

- Led end-to-end frontend development for an AI-powered beauty SaaS platform using Next.js and TypeScript.
- Designed scalable frontend architecture with reusable components and responsive user interfaces.
- Built REST API integrations, collaborated closely with backend engineers to deliver production-ready features.
- Optimized website performance using lazy loading, code splitting, image optimization, and SEO best practices.
- Integrated Razorpay payment gateway and customized Shopify storefront experiences.
- Worked closely with product managers, designers, QA engineers, and backend developers following Agile Scrum methodologies.
- Participated in debugging, deployment, code reviews, and production issue resolution.

Software Developer

Oct 2023 – Apr 2024

PySquad Informatics

Ahmedabad

- Developed scalable React.js and Node.js web applications following component-based architecture.
- Built reusable UI components and integrated REST APIs for dynamic applications.
- Improved application performance by optimizing rendering, API calls, and frontend state management.
- Collaborated with cross-functional teams to deliver responsive and scalable software solutions.
- Participated in testing, debugging, deployment, and maintenance activities.

Junior Software Developer

Jul 2022 – Sep 2023

Agile Infoways

Ahmedabad

- Developed responsive frontend applications using React.js, JavaScript, HTML, and CSS.
- Integrated REST APIs and collaborated with backend teams to implement new business features.
- Resolved production issues, improved application stability, and optimized website performance.
- Documented technical solutions and participated in Agile software development practices.

EDUCATION

Silver Oak University

2023 - 2026

B.Tech. in Information Technology

CGPA: 8.5

Gujarat Technological University

2019 - 2022

Diploma in Information Technology

CGPA: 8.7

PROJECTS

TrueHue – AI Beauty Platform

Tech Stack: Next.js, TypeScript, Node.js, MongoDB, Tailwind CSS, Razorpay

- Developed scalable frontend architecture using reusable components.
- Integrated REST APIs and Razorpay payment gateway.
- Built responsive UI with performance optimization and SEO improvements.
- Collaborated with backend developers to deliver scalable production features.

National Tansafe

Tech Stack: React.js, Node.js, Express.js, NestJS, MongoDB

- Developed full-stack admin dashboard with CRUD operations.
- Built secure REST APIs using JWT authentication and RBAC.
- Designed MongoDB collections and optimized database queries.

FERMIA – Video Consulting Platform

Tech Stack: React.js, NestJS, Node.js, MongoDB, Tailwind CSS

- Developed frontend modules with React Query and API integration.
- Implemented backend APIs and advanced filtering functionality.
- Improved application performance and user experience.

IVIRA – Healthcare Platform

Tech Stack: React.js, Node.js, Express.js, MongoDB

- Developed appointment booking and consultation modules.
- Integrated REST APIs and managed MongoDB operations.
- Optimized frontend-backend communication.
